DSL TURBO 100U

Aztech DSL Turbo 100U High Speed USB Modem – Connect at up to 8Mbps

The Aztech DSL Turbo 100U ADSL Modem delivers seamless broadband Internet access at a high transmission rate of up to **8Mbps** (150 times faster than 56K modem). Blaze through the Internet and call your friends simultaneously with **just one phone line!** The DSL Turbo 100U is bus-powered, eliminating the need for any messy corded power supply. With its hot-swappable feature, you can install and remove the modem without shutting down your computer.

- Up to 150 times faster than 56Kbps modem
- Bus powered, does not require external power supply
- Simultaneous use of Phone and Internet on ONE phone line
- USB hot swappable plug & play installation

Features

- Interface: Universal Serial Bus (USB)
- Bus powered, does not require external power supply
